

California Regional Water Quality Control Board

Los Angeles Region

Linda S. Adams
Cal/EPA Secretary

320 W. 4th Street, Suite 200, Los Angeles, California 90013
Phone (213) 576-6600 FAX (213) 576-6640 - Internet Address: <http://www.waterboards.ca.gov/losangeles>

Arnold Schwarzenegger
Governor

October 23, 2009

TO ALL INTERESTED PERSONS:

This is to notify you that the Regional Board has posted a revised version of the Environmental Staff Report (Report) regarding the proposed Amendment to the *Water Quality Control Plan for the Coastal Watersheds of Los Angeles and Ventura Counties (Basin Plan)* for a prohibition of discharges from on-site wastewater disposal systems in the Malibu Civic Center Area. A draft of this Report was posted on July 31, 2009. As a result of comments received, staff has made some revisions to the Report.

Pursuant to Title 14, California Code of Regulations, section 15088.5, staff is releasing this version so that the public can review it prior to the Regional Board's meeting on November 5, 2009, at which time it will consider adoption of the proposed prohibition

This Report is not being "recirculated" for additional comment because the changes and additions in this Report are not significant. Staff has clarified statements, added references and examples of mitigation measures in conjunction with the checklist included in the Report. No new significant environmental impacts were identified from the project or from new mitigation proposed. No substantial increases in the severity of an environmental impact were identified. No new project alternatives, compliance projects or mitigation measures considerably different from others previously identified and analyzed are proposed in this Report. Because the information added to this Report merely clarifies or amplifies or makes insignificant modifications, recirculation is not required.

For additional information regarding this Report, please **contact Wendy Phillips, Section Chief, Groundwater Permitting and Landfills, at (213) 576-6618.**
